

OPEN DAY NIJMEGEN

Great that you're visiting our campus in Nijmegen! The Open Days on location give you a chance to experience the atmosphere of the campuses and to meet our lecturers and students. Ask them all your questions. Also, ask yourself whether you can see yourself walking around here soon as a HAN student. In any case, we wish you a warm welcome!

You don't need to register beforehand for our Open Days on location. Just register with one of our students when you arrive.

We hope you enjoy your visit!

6525 EM Nijmegen

2. Social sciences

Kapittelweg 33,
6525 EN Nijmegen

BE WELL PREPARED

Get the most out of the Open Day by preparing in advance. How? By checking the web pages of the degree(s) you're interested in. Read all the info and watch the videos. Now ask yourself "what would I still like to know?" Make a note of your questions and you're good to go!
