

ONLINE OPEN DAY 20 NOVEMBER 2021

Great that you're interested in our Online Open Day! We'd love to give you all the ins and outs on our programs, the campuses, and of course on life as a student in Arnhem and Nijmegen. All to give you a better idea of what it's like to study at HAN.

Want to know more about the content of our programs? Join an info session with a lecturer or student. Watch project presentations by students to get a better idea of the material you might soon be studying. Or ask all your questions during a Q&A session.

SCHEDULE 9:00-17:00 CET

ALREADY SIGNED UP FOR THE ONLINE OPEN DAY?

If not, go to our website and sign up in just a few minutes. Then turn on your notifications or keep an eye on your mail. You'll receive a personalized schedule with links to the online activities.

Too easy!
